Microsoft Software License Terms for:

Windows CE 2.12 Products

These license terms are an agreement between you and *[OEM]*. Please read them. They apply to the software included on this device. The software also includes any separate media on which you received the software.

The software on this device includes software licensed from Microsoft Corporation or its affiliate.

The terms also apply to any Microsoft

- Updates,

- Supplements,

- Internet-based services, and

- Support services

for this software, unless other terms accompany those items. If so, those terms apply. If you obtain updates or supplements directly from Microsoft, then Microsoft, and not *[OEM]*, licenses those to you.

As described below, using some features also operates as your consent to the transmission of certain standard computer information for Internet-based services.

By using the software, you accept these terms. If you do not accept them, do not use or copy the software. Instead, contact *[OEM]* to determine its return policy for a refund or credit.

If you comply with these license terms, you have the rights below.

1. **Use Rights.**

You may use the software on the device with which you acquired the software.

2. **Additional Licensing Requirements and/or Use Rights.**

    a. **Specific Use.** *[OEM]* designed this device for a specific use. You may only use the software for that use.

    b. **Other Software.** You may use other programs with the software as long as the other programs

        - Directly support the manufacturer's specific use for the device, or

        - Provide system utilities, resource management, or anti-virus or similar protection.

3. **Scope of License.** The software is licensed, not sold. This agreement only gives you some rights to use the software. *[OEM]* and Microsoft reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that allow you to use it only in certain ways. For more information, see the software documentation or contact *[OEM]*. Except and only to the extent permitted by applicable law despite these limitations, you may not:
    - Work around any technical limitations in the software;

    - Reverse engineer, decompile or disassemble the software;

    - Make more copies of the software than specified in this agreement;

    - Publish the software for others to copy;

    - Rent, lease or lend the software; or

    - Use the software for commercial software hosting services.

Except as expressly provided in this agreement, rights to access the software on this device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access this device.

4. **Connectivity Software**. Your device package may include either CE Services or Active Sync software. If it is included, then you may install and use it in accordance with the end user license terms that are provided with it. If no end user license terms are provided, then you may install and use only 1 copy of the software on a single computer.

    Note on Compatibility of ActiveSync. ActiveSync software may not operate on your device. You bear all risk of using it.

5. **Product Support**. Contact *[OEM]* for support options. Refer to the support number provided with the device.

6. **Backup Copy**. You may make one backup copy of the software. You may use it only to reinstall the software on the device.

7. **Proof of License**. If you acquired the software on the device, or on a disc or other media, a genuine Certificate of Authenticity label with a genuine copy of the software identifies licensed software. To be valid, this label must be affixed to the device, or included on or in *[OEM]*'s software packaging. If you receive the label separately, it is not valid. You should keep the label on the device or packaging to prove that you are licensed to use the software. To identify genuine Microsoft software, see http://www.howtotell.com.

8. **Transfer to a Third Party**. You may transfer the software only with the device, the Certificate of Authenticity label, and these license terms directly to a third party. Before the transfer, that party must agree that these license terms apply to the transfer and use of the software. You may not retain any copies of the software including the backup copy.

9. **Not Fault Tolerant. The software is not fault tolerant.** *[OEM]* **installed the software on the device and is responsible for how it operates on the device.**

10. **Restricted Use**. The Microsoft software was designed for systems that do not require fail-safe performance. You may not use the Microsoft software in any device or system in which a malfunction of the software would result in foreseeable risk of injury or death to any person. This includes operation of nuclear facilities, aircraft navigation or communication systems and air traffic control.

11. **No Warranties for the Software. The software is provided "as is". You bear all risks of using it. Microsoft gives no express warranties, guarantees or conditions. Any warranties you receive regarding the device or the software do not originate from, and are not binding on, Microsoft or its affiliates. When allowed by your local laws,** *[OEM]* **and Microsoft exclude implied warranties of merchantability, fitness for a particular purpose and non-infringement.**

12. **Liability Limitations. You can recover from Microsoft and its affiliates only direct damages up to two hundred fifty U.S. Dollars (U.S. $250.00). You cannot recover any other damages, including consequential, lost profits, special, indirect or incidental damages.**

    This limitation applies to:

    •   **Anything related to the software, services, content (including code) on third party internet sites, or third party programs, and**

    •   **Claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.**

    It also applies even if Microsoft should have been aware of the possibility of the damages. The above limitation may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.

13. **Export Restrictions**. The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.
